Rolling into York: Welcome to the ATHS National Convention & Truck Show!

We extend a warm welcome to the ATHS National Convention & Truck Show in York, Pennsylvania, where truck enthusiasts from all corners of the country gather to celebrate the rich history and future of our incredible industry. With a schedule packed with exciting events and insightful sessions, this year promises to be an unforgettable experience for everyone involved.

Marty Glomb (Taylor, TX)

Notably, York stands as a living testament to the roots of trucking history. From 1905 to 2009, Allentown, Pennsylvania, proudly housed the headquarters of Mack Trucks, with the production of Mack products echoing through Lower Macungie, PA. Meanwhile, the Autocar Company, founded in 1897, traces its origins to Ardmore, PA, contributing its unique chapter to the tapestry of our industry's legacy.

As we gather in this city steeped in trucking heritage, we look forward to celebrating historic trucks' stories and their owners' stories. Let the spirit of camaraderie and the shared passion of old trucks reign as we embark on this journey together.

The National Convention & Truck Show promises to be an enriching and enjoyable experience, and we can't wait to share these days of celebration and learning with you. Safe travels, and we look forward to seeing you June 6-8, 2024!

Warm regards,

David Schnautz (La Porte, TX)
